I AM A UI/UX DESIGNER & A FULL STACK DEVELOPER

I am an open minded self-driven person. I vision the world from an out of the box perspective. I am a good planner who values a good laid plan to achieve my goals and objectives. I am a team player both as a team leader and/ or a member. I am person who approaches tasks with results in mind and making sure that I keep learning in the process. I have undertaken several internships within leading organisations such as Fredskorpset, AIESEC and Kituo Cha Sheria. These placements have enabled me to not only develop specific media industry experience, but also a valuable and transferable skills set in leadership and management.

I am enthusiastic about business and technology. I have always had an interest in computer and it's possibilities. I combine my knowledge for business and technology and use it to service and sell computers and gadgets. The business technology has allowed my interest to flourish in possibilities of digital marketing. I am well versed in graphic designing, web design and video editing.
